Dear Ajay,

Thank you for supporting Christel House. We are grateful for Digital Marketing Sapiens' confidence in our organization and your desire to help us transform the lives of impoverished children.

Funding from our donors has made our students' remarkable accomplishments possible. High expectations, combined with love and care, have set our kids on a trajectory of success. Thank you for being part of this journey.

Ajay, a thousand thanks again for visiting Christel House Mexico earlier this year and seeing the Christel House magic.

With deepest gratitude,

Christel DeHaan
Founder and CEO
