To Whom It May Concern:

We hired Digital Marketing Sapiens for branding services for our recently launched Urgent Care Centers.

They helped us with:

- A responsive website redesign on WordPress.
- New logo, letterhead and business cards.
- Integration of website with Google Webmasters, Analytics and Tag manager to track the traffic to our website.
- The formulation of the Mission, Vision and Core Values for the organization.
- Flyers to announce the launch.
- Press Releases and other promotional materials for the launch.
- The Ideation and creation of Infographics and brochures for 2 locations.

We are lucky to have them as our business partners.

If you have any questions about Digital Sapiens, please feel free to call me at 210-921-3800.
